## Now try speaking.

Hoe heet je? · Waar woon je? · Wat doe je vandaag?

Write a few words, then say your answers without reading.

Speaking self-check: Did I answer aloud? Was my meaning clear?

Ask your partner or Rachel for feedback. Speaking is not automatically scored.

# Your answers. Your next step.

Give yourself one point for each correct multiple-choice answer. Speaking is a separate practice activity.

1. A Ik kom uit means “I come from”.

2. B Sara lives in Leiden. Woont means “lives”.

3. C Tien means ten. The lesson starts at ten.

4. B Twee means two. Zussen means sisters.

5. A Ik begrijp het niet means “I do not understand”.

6. C A huisarts is a general practitioner, or family doctor.

## Use your result to choose practice.

0–2: Start with useful words and short sentences.

3–4: You recognise some Dutch. Keep building your basics.

5–6: A lovely start. Keep practising aloud.
